## **DETAILED ACTION**

### ***Priority***

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The claims are directed to "A compound". However the language in the claims is cumulative rather than in the alternative form. Said cumulative language reads on a composition ( 2 or more compounds) rather than a single compound and as such is in contradiction with the introductory language of the claim. Thus, its not clear whether Applicants are claiming a single compound or a composition (2 or more compounds). Please clarify.

### ***Allowable Subject Matter***

4. Claims 25 and 28 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
5. Claims 20-24 and 26 are allowed.
